

# STH 120 (STH 36 – O'LEARY LANE) WALWORTH COUNTY

## Client

WisDOT, SE Region  
Traci Gengler  
141 N.W. Barstow Street  
Waukesha, WI 53187  
(262) 548-8727

## Project ID's

3180-05-00/70

## Design Start

January 2006

## Design Completion

Anticipated August 2007

## Construction Start

Anticipated Spring 2008

## Construction Completion

Anticipated Fall/Winter 2008

## Estimated Construction Cost

\$2,800,000.00

## Project Manager

Joshua Mount, P.E.

## Design Leader

Tammy Tucker, E.I.T.

Design Services for a 9-mile resurfacing project in the Towns of East Troy, Lyons, Spring Prairie, and Geneva. The project involves repairing the base as necessary and resurfacing the roadway; upgrading the existing beam guard; intersection improvements at STH 11/STH 120; DNR coordination; utility coordination; public involvement coordination; culvert replacement as needed; and installation of a living snow fence. Bicycle accommodations will be coordinated with the Town of Lyons and Walworth County for the White River State Trail crossing STH 120 near the Town of Springfield. Extensive coordination with Alpine Valley for traffic control and construction staging is a key element in the design process and is important for the success of the project.

### Project Deliverables:

- Project scoping, scheduling, budgeting and monitoring
- Public official coordination
- 30%, 60%, & 90% plans and documents
- Coordinating with utilities (Trans 220)
- Encroachment Report
- Environmental Document
- Design Study Report
- DNR Coordination
