January 2003

## Completion Date

December 2009

## Program Manager

Stan Lukasz, P.E.

## Project Manager

Mark Wilfert  
Todd Wescott

## Project Assistant

Rhonda Lukasz

DAAR is a design Management Consultant representing the Wisconsin Department of Transportation for approximately 80 projects. The program consists of Local Bridge Replacement (BR), STP Urban, and STP Rural type projects and other projects identified by the Department, excluding all City of Milwaukee projects and design projects sponsored by Milwaukee County Department of Public Works. The primary objective of this project is to ensure design project activities comply with State and Federal guidelines and regulations. Our responsibilities include helping local governments comply with the engineering and legislative requirements set forth by Wisconsin State Law and Regulations. In this capacity we act as an extension of the Wisconsin Department of Transportation. The range of work involves a variety of design projects including roadways and bridges that enhance the Southeast Wisconsin transportation region.

### Project Deliverables:

- Project scoping, scheduling, budgeting and monitoring
- Project validation
- Design consultant selection and contract negotiation
- Develop & maintain project management database
- Project design review
- Right of Way plat review
- Project Administration and Meetings
- Environmental Oversight
- Operational Project Review
- WisDOT, consultant, and municipality coordination
